

The Greater San Lorenzo Valley ARES NET Script
WB6ECE Repeater Group 441.300 PL 100 Channel 1 on the Frequency List
Remember to ID every 10 min and after your last transmission

<IF YOU ARE DOING A TACTICAL CALL SIGN 2ND EXERCISE, USE THAT SCRIPT NOW>

Wednesdays, at 1929 on WB6ECE:

Please stand-by for the Greater San Lorenzo Valley Amateur Radio Emergency Service Net. This is <NAME, CALL SIGN>, your Net Control Station for tonight. Anybody wishing to arrange a contact on a different frequency please do so now.

<Pause>

At 1930 on WB6ECE:

Good evening. This is the Greater San Lorenzo Valley ARES net. We meet here each Wednesday at 1930 local time, except for the 3rd Wednesday and holidays. The 3rd Wednesday of the month is when the monthly ARES meeting is held, currently on Zoom. This net is one of many ways we maintain our equipment and improve our EMERGENCY preparedness. ARES members, visitors and guests are welcome. We invite ALL amateurs to participate.

<Pause>

This is a DIRECTED net, so please do not transmit until indicated by Net Control. Those with priority or emergency traffic can interrupt at any time by saying "Priority! Or Emergency!". Is there any priority or emergency traffic now?

< Pause>

We'll begin the net with check-ins, followed by a 2nd exercise to be announced. Please pause 2 to 3 seconds between transmissions to allow the repeater carriers to drop. Also, pause for 1 to 2 seconds after you key your mic before speaking to allow the repeater links to come up. When your call-sign suffix group is called, please check-in using standard phonetics, speaking slowly and clearly, followed by your name and location, and indicate if you have any message traffic for the net.

This is <NAME>, <CALL-SIGN PHONETICS > in <LOCATION>, Net Control.

Stations with call-sign suffixes from **Alpha thru Foxtrot** please come now.

<Write down and acknowledge all call signs heard and acknowledge any stations who checked in with traffic>

Stations with call-sign suffixes from **Golf to Mike**, please come now

<Write down and acknowledge all call signs heard and acknowledge any stations who checked in with traffic>

The Greater San Lorenzo Valley ARES NET Script
WB6ECE Repeater Group 441.300 PL 100 Channel 1 on the Frequency List
Remember to ID every 10 min and after your last transmission

This is <**CALL-SIGN**>

Stations with call-sign suffixes from **November to Sierra**, please come now.

<Write down and acknowledge all call signs heard and acknowledge any stations who checked in with traffic>

Stations with call-sign suffixes from **Tango to Zulu**, please come now.

<Write down and acknowledge all call signs heard and acknowledge any stations who checked in with traffic>

This is <NAME>, <CALL-SIGN>, Net Control. Any missed or late check-ins, please give your call sign using standard phonetics, followed by your name and location, now.

<Write down and acknowledge all call signs heard>

Ask for Announcements:

Does anyone have any reports or announcements of general interest to the group? If so, please give me your call sign now.

<Pause> <moderate announcements – acknowledge all call signs who have an announcement, then call on them one by one, until complete.>

This is <**CALL-SIGN**>

Training:

Now we will go into the training portion of the net. Is Kathi, KE6VTY going to have training tonight?

<Pause and see if Kathi has training, if so, let her continue.>

Are there any questions about the training? Please come now.

We will now move on to our 2nd exercise.

<See sample scripts for Simplex, Message Handling, Repeater hopping, Mike-Mike and Tactical Call exercises, and choose one or create your own, if you wish>
